Parents/Guardians

Our student software system, Infinite Campus, made the switch to a new payment vendor for all online payment functions (mostly student cafeteria accounts). This new payment vendor is effective July 31, 2021.

This will have minimal impact on our students and their families. However, any payment methods that you had saved in the Parent Portal for your student(s)' cafeteria account will need to be updated. There are no other changes in the way you handle online payments. The existing funds in your student(s)' cafeteria account will transfer over.

The instructions below will walk you through the process of setting up your payment methods and updating any recurring payments.
